### PRESS RELEASE

#### ARDUF CONDEMNS DREADFUL MASSACER OF INNOCENT ETHIOPIANS BY ISIL

**Afar Revolutionary Democratic Unity Front (ARDUF)** is deeply shocked by the heinous, barbaric and dreadful massacre of innocent Ethiopians committed by ISIL Terrorist groups in Libya condemns in the strongest possible terms the horrendous terrorist act killing of innocent Ethiopian Christians in Libya, as it is utterly unacceptable crimes against humanity.

**ARDUF** wishes to extend its deeply-felt condolences to the families and loved ones of the innocent victims killed in this heinous attack.

**ARDUF** also condemns the cruel, senseless and gruesome xenophobic slaughter of innocent Ethiopian and foreign nationals and the unlawful looting of their properties in the Republic of South Africa and calls on the Government of South Africa to take appropriate action to stop Xenophobia attacks against Ethiopian and other African immigrants, provide legal protection to refugees and migrant workers and to bring those responsible for the crime to justice.

**ARDUF** held Ethiopian regime responsible for such barbaric crimes and humiliation situation which are facing the innocent Ethiopian refugees abroad. This is because these people had left their own country because of fear of being persecuted for politically motivated extra-judicial killings, human rights violations, arbitrary arrest and unlawful detention in Ethiopia. It is a fact that peaceful activities including human rights defenders, journalists, media activists, humanitarian workers and civilians speaking out against the government in Ethiopian have been arrested, detained and disappeared and unlawfully killed.

**ARDUF** believes that as long as the current undemocratic political system, political and economic marginalization and human rights violations continued to worsen, more innocent Ethiopian refugees or domestic workers in the Middle East and North Africa will face the same barbaric fate.

**ARDUF** repeats its call to opposition forces, civic organizations, student unions and human rights activists to pull their efforts together to root out TPLF/EPRDF tyrannical regime who forcing our innocent people to flee from their country in the first place and build a just democratic political system.

The Victory to Ethiopian People in their Democratic Struggle against Tyranny
