

President Barack Obama,

Are you with us*?

Don't you remember saying

- "...the government of Ethiopia "democratically elected"
- "We are very mindful of Ethiopia's history, the hardships that this country has gone through"
- "...the economy has registered double-digit growth for the last 12 years, uninterruptedly"

History has not recorded that people starving and dying in a double digit economy growth country

President Barack Obama, You are not too late to be with us

President Barack Obama, You are not too late to be with us

We*, Ethiopians, are ready to die for our beloved country

We, Ethiopians, determined to get our independence back

We, Ethiopians, committed to expose the Weyane Regime

We, Ethiopians, determined to show our heroism as our forefathers did

We, Ethiopians, determined to dismantle "divide & rule" administration

President Barack Obama, You are not too late to be with us

Remember what you said to "African leaders"

- "I don't understand why people... want to stay so long, especially when they have got a lot of money,"
- "Sometimes you will hear leaders say 'I'm the only person who can hold this nation together.' If that's true, then that leader has failed to truly build their nation."
- "Nobody should be president for life,"

Isn't that enough to break your silence?

Reconcile your conciseness with the religion you believe in and all the evidences on your hand.

Don't be late as Bill Clinton regrets about the Rwanda Tutu tribe Genocide
Ignoring the suffering and the Genocide of Amhara, Oromo, Gambelia ...people

You and your administration is on the wrong side of the Ethiopian people for sure

President Barack Obama, You are not too late to be with us

- Please pass your legacy standing with Ethiopians without delay
- Let your children and grandchildren be proud and glorify your heirloom *whenever they heard or study or visit Ethiopia and Africa*
- As we honor American's interests, stand by the Ethiopian people fighting terrorism and collaborating to bring back the American legacy in the 1960's.

President Barack Obama, You are not too late to be with us

Break your silence and denounce the Weyane Regime

Say "Weyane Regime Must Go"

Our children, Ethiopian Americans:

Learn our endurance and devotion towards our country

Respect and care for each other by living in harmony

Be heart-felt by watching people suffering & dying

Mesmerizing you into silence and doubt in you & your administration

Finally,

We are expressing our feeling and mission by these quotes: "Pictures are more powerful than words"

2016

We, Ethiopians, prevail as our fore-fathers triumphed
