

Ethiopian Women for Peace and Democracy

World Wide Prayer For The Ethiopian Prisoners of Conscience, Peace and Compassion in Ethiopia.

Subject: A 15 days Prayer Campaign

Starting Sunday, February 4th, 2007

Ending: Sunday, February 18th, 2007

Time: 8:00PM each and every day

We, concerned Ethiopian women & mothers looking to contribute to the nonviolent struggles for peace, justice, and the development of democracy in Ethiopia, call on all Ethiopians, friends of Ethiopia and all concerned peace loving people to join us in prayer as we call on the "Power of One" through the power of the multitude, to solidify our intention, our intention of peace, love, tolerance and forgiveness. We ask you to join us in our desire to bring peace through the power of prayer forming an energy field of oneness and the unity of the Divine to heal our nation's suffering. The more people holding the intention, the more powerful and effective the field to create change.

Often we believe we are powerless to make a difference or do not know how to change things for the better. Prayer in unity is simple and yet a very powerful way to peace. Let's take this journey together and make a difference.

Our call is to all sisters, brothers and friends all over the world and in Ethiopia to stop whatever you are doing at 8:00. P.M. (your time) and take 5-10 minutes, to pray for peace love and forgiveness. Light a candle and say a prayer for peace as a family, with friends or as One. Relinquish all animosity.

1: Let us pray that we the people of Ethiopia and the government of Ethiopia are given intervention from the Almighty that will benefit all equally.

2: Let us pray for the spirit of generosity and forgiveness to move in and through our hearts so that we may heal.

3: Let us pray that the government drops all trumped-up charges against All the Prisoners of Conscience, Kinijit leaders, human right activists, members of the free press, and for all who are standing against tyranny.

4: Let us pray for a peaceful and thriving Ethiopia for our children and the future of our nation.

Let's give thanks knowing that it will be..... [Light a candle by clicking for our Prisoners of Conscience.](#)
