

Forum for Ethiopian Sovereignty, Unity and Territorial Integrity

It will be recalled that a while ago we Ethiopians living in Germany and anxious of our country's fate, had set up a committee entitled "Ethiopian Border Committee". However, being aware of the multi faceted problems, our country is facing, we have decided to rename ourselves "Forum for Ethiopian Sovereignty, Unity and Territorial Integrity". Our main aim is to act as a forum with no political affiliation and organize an international conference in Germany, where Ethiopian intellectuals from all over the world would present academic papers on the political, economical and social future of Ethiopia. As soon as the necessary arrangements have been concluded, the official date for the meeting will be publicly announced.

If you think you can get involved in this forum, please contact us.

Dr. Prince Asfa-Wossen Asserate,

Chairman FESUPI
