

## **MELES ZENAWI REGIME JAMS FINOTE DEMOCRACY RADIO**

**FINOTE DEMOCRACY RADIO is being jammed once again by the Meles Zenawi regime. The jamming concerns Addis Abeba only up to now. For now, Finote is being heard in other cities, towns and rural areas. The jamming has blocked Finote in Addis Abeba for the last two weeks. Finote Democracy Radio calls on all Ethiopians to protest against this China supported illegal action and to practically and effectively support the radio which has proved to be the voice of the voiceless.**

**The struggle will continue!**
