

## **I could not dare**

Your eyes

Your faces

Staring

Solemnly

With despair

I could not dare

To blink

Or to take away

My eyes

From yours

What shall I do to resolve

Your plight

And save you

From that tyrant

Who created  
Your endless  
Helplessness  
I could not dare  
To think what I do not have  
As I stare  
Oh  
at your eyes and faces
