EPRP SPREADS ITS YELLOW STICKERS AND AGITATIONAL LEAFLETS OUTSIDE OF ADDIS ABEBA

Continuing its intensified agitation activity that started in Addis Abeba, the EPRP has plastered the towns of DEJEN, DESIIE and DEBRE SINA with its yellow stickers (the “stickers of hope” as they are now called) and distributed, in the cities of Bahr Dar (Gojjam) and Weldiya (Wello) its leaflet calls to the populace to rise up in mass protest. The call to the youth of Ethiopia by the EPRP Youth League (Wekind) has also been distributed. A confirmation to the strengthening of the EPRP clandestine structure all over the country the action is expected to continue in many other major cities and towns as part of the struggle to organize and launch the mass protest and popular action that will put an end to the anti people corrupt regime of Meles Zenawi.
