

## Dear Ethiopians and friends of Ethiopia:

We just have heard that the Meles regime police arrested Wzro. Mesobework Ketaw, Publication head for All Ethiopian Unity Party (AEUP) and shut down the AEUP magazine newspaper today

This attempt is to silence the peaceful opposition and disrespect the rights of the media to gather and disseminate information freely. The AEUP is very disappointed about the activities of the regime; once again suppression of individuals attempting to exercise legitimate rights is continued. We appeal to all the peace loving International community to intervene for the immediate release of Wzro. Mesobework Ketaw and all political prisoners including the singer Tedros Kasshanu, Tedy Afro.

We will have more details soon.
